

HOW TO JUSTIFY YOUR RESSOURCES?

You must prove that you have enough resources for the current academic year. The minimum amount is 615 € per month over 12 months, so € 7,380 per year. This amount has not been changed to today's date.

You can combine several types of resources: grant + guarantor or employment contract (if CDI) + guarantor, in order to have at least 615 € per month for the next 12 months.

1 / If your resources come from abroad:

Two possibilities:

a/ Original of a Certificate of the bank's home country of an irrevocable transfer of € 615 minimum per month to cover your expenses (your name must be included) during 12 month for the 2020-2021 academic year. The amount should be reported as a possible in euros. Otherwise, you should convert the sum in euros, through the web, the day of your appointment with the prefecture agent, and print the page to put it in your file.

You must have the original of the bank certificate to deposit your dossier – e-mails are not original documents!

b / Original of certification of a French bank, confirming that the account opened by you, has a credit balance of at least € 7, 380; the minimum required for 1 year - **e-mails are not original documents!**

This certificate is called "Solde de compte" or "Relevé de situation" ("account balance").

In both cases, to be valid for the prefecture, certificate must:

- ✓ **be recent and**
- ✓ **be stamped by the bank**

Be careful, "relevé de compte" is not accepted by Prefecture of Finistere.

2 / If you have a grant:

- Original of a recent certificate (less than 3 months old), stating the amount and duration of the scholarship, on letterhead from the organization that awards – **e-mails are not original documents!**

3 / If your resources are provided by a person residing in France:

- Original of the signed support, stating clearly for the duration of support "for the academic year 2020-2021", photocopy of ID and proof of the guarantor resources (their last three pay slips and last tax notification).

Cf document "prise en charge" in the practical information sheets.

4 / If you have a job:

- Only CDI are accepted. It should then provide the contract and the last 3 pay slips.
